TECHNICAL PROJECTS

AI Friendship & Social Matching App | *RU HackHERS Hackathon*

React, Tailwind CSS, PostgreSQL, Google Gemini API, Node.js | [GitHub](#)

- Engineered a full-stack social matching web app in a 2-person sprint, leveraging the Google Gemini API to calculate compatibility scores from natural language user prompts.
- Architected a PostgreSQL relational schema to securely store and query user profiles, interaction logs, and matchmaking vectors.
- Streamlined asynchronous request flows and payload parsing, cutting match-computation round-trip response times across endpoints.
- Developed a responsive, mobile-first interface using React and Tailwind CSS for dynamic user profile cards and seamless onboarding.

Wings of Odyssey (2D Narrative Game) | *GirlHacks Hackathon*

GDScript, Godot Engine | [GitHub](#)

- Programmed core physics mechanics, state machines, and real-time collision detection in GDScript under a strict 24-hour hackathon deadline.
- Illustrated and rendered 100% original hand-drawn 2D sprite sheets, optimizing asset compression to reduce frame draw calls and maintain consistent 60 FPS gameplay.

WORK EXPERIENCE

Commercial Specialist / Manager | *AutoZone Auto Parts* — East Brunswick, NJ

Feb 2025 – May 2026

- Managed high-volume B2B commercial accounts, utilizing POS diagnostic and inventory database systems to maintain fulfillment accuracy.
- Streamlined inventory audit and dispatch operations for a high-turnover location, minimizing stockouts and speeding up delivery cycle times.
- Diagnosed vehicle technical requirements and translated mechanical specs into accurate parts orders for commercial accounts under tight delivery SLAs.
- Trained and onboarded store team members on inventory software systems, customer service standards, and commercial logistics protocols.

EXTRACURRICULAR & LEADERSHIP

- **Dean's List Honoree:** Middlesex College (Academic Year 2024).
- **Hackathon Competitor & Builder:** GirlsHacks NJIT & RU HackHERS; built and deployed MVPs under tight time constraints in collaborative team environments.
- **Clubs/Organizations:** Microsoft Student Ambassador, NJIT WiCS(Women in Computer Science), CSN(Cyber Security Network), NJIT Cheer
